

Slalom courses are reviewed once a year in the month of May. Applications must be submitted on or before March of each year.

Below are some stipulations to follow:

- 1. The course must be removed when not in use.**
- 2. An approval for the permit must be obtained from the Water Patrol Division annually.**
- 3. The slalom course must be in compliance with the American Ski Association.**
- 4. The course may only be installed at the permitted location.**
- 5. Only one (1) vessel at a time may utilize the course.**
- 6. The course must be open to the public while installed.**
- 7. All state laws apply to vessels utilizing the course.**
- 8. If conditions of the permit are not followed, or if the course impedes the flow of traffic, the permit may be revoked.**
